Wanted RS700
Posted by Mathias - 2012/01/10 11:35

_____

Hi everybody!

I am looking for a RS700 around 3000-3800 € available preferably early this spring... but it can be sooner.
I am more expecting a well maintained boat rather than a very competitive all modified rocket that was used in numerous competitions. This boat would be for pleasure since I am a rookie in sailing that type of "very unstable" boats!

Let me know if you feel like selling your RS700!

Mat

Hello Mathias,

http://sailingdinghies.apolloduck.co.uk/listings.phtml?cid=113&sti=13

This website is quite nice to find an RS700. Only thing is that the boats are in UK.
i found mine via that site. Adds change from time to time so there might be interesting stuff advertised.
Where would you sail with your RS700?

Best regards,

Laurent

Hi Mathias

My RS700 that mentionned Paul is not to sell for the moment.

If you are interested to sail a 700 and even if you not have found a boat yet, you should come to the FranceOpenskiff at Lac du Der this easter weekend.

We can share my boat and you can take part of the coaching sessions, the perfect way to test and start sailing a 700 with Pete Barton the best coach and many experienced sailors around
Some french sailors will buy newer boats this season, perhaps you can even find an used boat there.

Don't hesitate to contact me

André
